

OSHA MADE EASY – Deb Fenoy (1.5 CE)

This presentation will cover the following course objectives:

- Hazard communication procedures with the new GHS system
- SDS maintenance
- Labeling systems
- Record keeping
- Infection control training (now a huge part of OSHA compliance)
- All operation safety protocols, as well as exposure control plans will be covered

Deb Fenoy is a dental consultant with Henry Schein. She is a registered dental hygienist, having graduated from Hudson Valley. She practiced dental hygiene for 6 years and has been a dental consultant for over 30 years in Richmond, Virginia.

MANAGEMENT OF MEDICAL EMERGENCIES IN THE DENTAL OFFICE – Dr. Lauren Kaplan (2 CE)

This presentation will provide a review and update of best practices for management of dental emergencies in the dental office.

Dr. Lauren Kaplan is a board certified oral and maxillofacial surgeon with Commonwealth Oral and Facial Surgery.

THE OPIOID EPIDEMIC: THE PAST AND FUTURE ROLES OF DENTISTRY – Dr. Omar Abubaker (2 CE)

This presentation will cover the following course objectives:

- Overview of the current VBOD regulations of prescribing opioids
- Epidemiology, patterns, and trends of the opioid epidemic in the U.S.
- Role of dental professionals
- Risk factors of use of opioids in the development of SUDs and how to manage patients with active/recovering from SUD
- Appraise the evidence-based management of dental pain

Dr. Omar Abubaker is a board certified oral and maxillofacial surgeon. He currently serves as professor and chairman of the department of OMFS at VCU School of Dentistry.

AMERICAN HEART ASSOCIATION CPR FOR HEALTHCARE PROVIDERS – Weet Baldwin (2 CE)

This presentation and hands-on participation course will review the following course objectives:

- Recognition of victims needing CPR
- CPR for the adult, child, and infant
- Management of obstructed adult, child, and infant airways

Weet Baldwin is President and CEO of Emergency Management Services. Emergency Management Services is an AHA authorized training center for basic and advanced life support courses.

Note: Emergency Management Services has advised that participants wear comfortable clothing to perform CPR demonstrations. All required course information will be distributed in the class.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. The Southside Dental Society designates this activity for 9 continuing education credits
